Workshop on Research Methodology and Biostatistics

28th and 29th March 2023

The Department of Public Health Dentistry, Mahatma Gandhi Dental College and Hospital organized and conducted a two days **Workshop on “Research Methodology and Biostatistics “on 28th and 29th March 2023** respectively. This program was conducted as part of Faculty development and Post Graduate Student Orientation for all the postgraduate students admitted to the Masters in Dental Surgery (MDS) course. All the Faculties and Post graduate students from various departments of the college attended the programme.

The Guest Speakers for the event were **Dr. G.M. Sogi, Principal, MMDC, Mullana, Ambala and Dr. Adarsh Kumar, Professor, PGIDC, Rohtak.**

The program on 28th March 2023 started with the Saraswati vandana and lamp lighting ceremony done **Dr. Narendra Padiyar, Principal and Dean, Mahatma Gandhi Dental College and Hospital, Sitapura, Jaipur by Dr. Sumanth Prasad Gojanur, Prof and Head Dept of Public Health Dentistry, Guest Speakers** and all the senior faculties of the institution.

The Moderation and Conduction of the program was done by **Dr. Sumanth Prasad Gojanur**, Professor and Head, Department of Public Health Dentistry, Mahatma Gandhi Dental College and Hospital, Sitapura, Jaipur.

In the workshop, in between the sessions tea and snacks were arranged for all the participants and lunch was offered to all the senior faculty members for both the days.

The purpose of conducting this Programme was:

- To provide guidance for dissertation, scientific writing and to motivate the students and faculty for research.
- To give insight for PG students on Epidemiology, Research Methodology & Biostatistics
- Educate PG students on how to conduct research
- Basics of biostatistics and how to do sample size estimation.

Types of Variables

There are two basic types of variables: *numerical* and *categorical* variables.

Numerical Variables: variables to which a number is assigned as a quantitative value.

Categorical Variables: variables which are divided into classes or categories into which a member falls.

India has the maximum number of dental schools globally, yet we are unable to produce articles of high impact. Writing is an important part of science, to document and communicate ideas, activities and findings to others. Scientific writing can take many forms- from a seminar to a dissertation or from research protocol and thesis to publishing in an academic journal.

The course was conducted at Tagore Hall, Mahatma Gandhi Dental College and Hospital, Jaipur on the 13th of November, 2021.

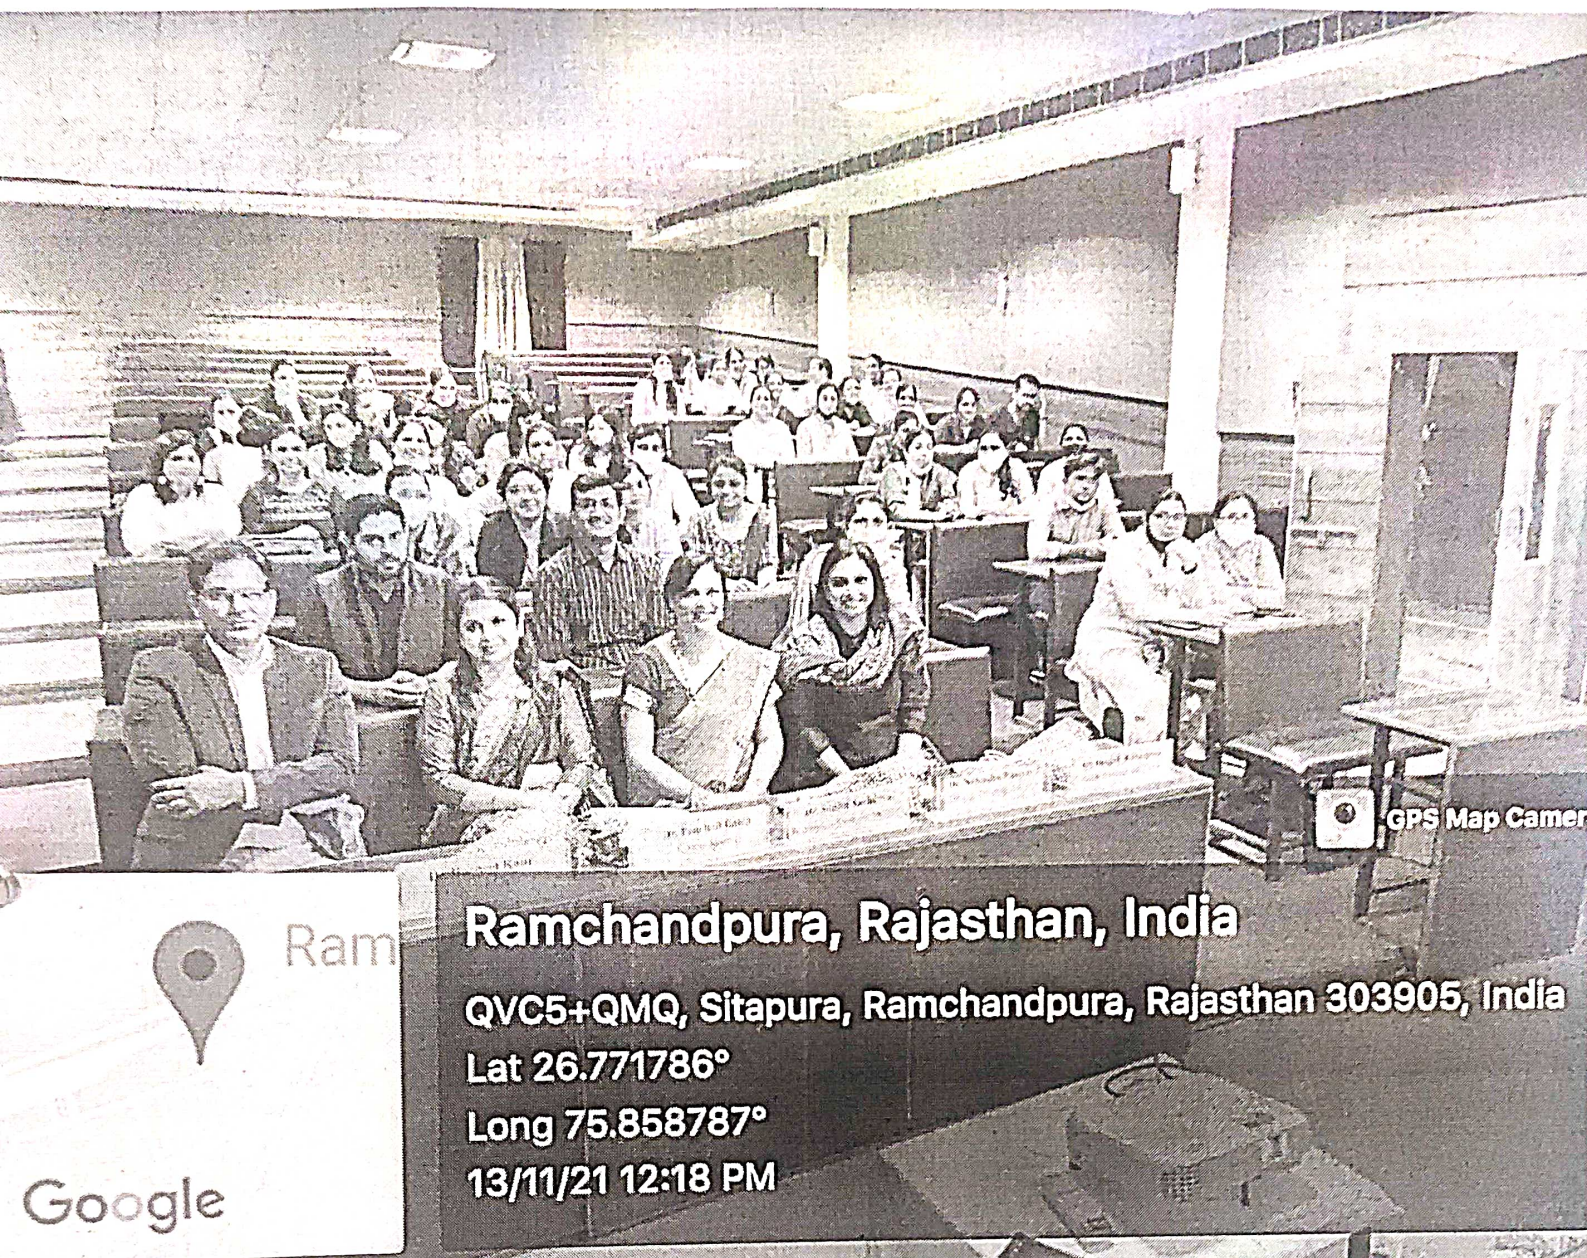

It aimed to skill the learners with principles of good writing, tricks for writing faster and with less anxiety, the format of a scientific manuscript, and issues in publication and peer review.

The contents of the course included:

- a) Principles of effective writing: Choosing verbs, correct voice, cutting the clutter, crafting sentences and paragraphs
- b) Searching and researching literature: Scopus, PubMed, Embase etc. c) Tools for documenting and editing: Microsoft, LaTeX, Grammarly, etc.
- d) Steps in Writing Process: Pre-writing, Writing and Revision
- e) Illustration management
- f) Publication guidance: Journal selection, submission, response to reviewer,
- g) Issues in scientific writing: plagiarism, authorship, ghostwriting, reproducible research
- h) Bibliography management and reference writing

India has the maximum number of dental schools globally, yet we are unable to produce articles of high impact. Writing is an important part of science, to document and communicate ideas, activities and findings to others. Scientific writing can take many forms- from a seminar to a dissertation or from research protocol and thesis to publishing in an academic journal.

The course was conducted at Tagore Hall, Mahatma Gandhi Dental College and Hospital, Jaipur on the 13th of November, 2021.

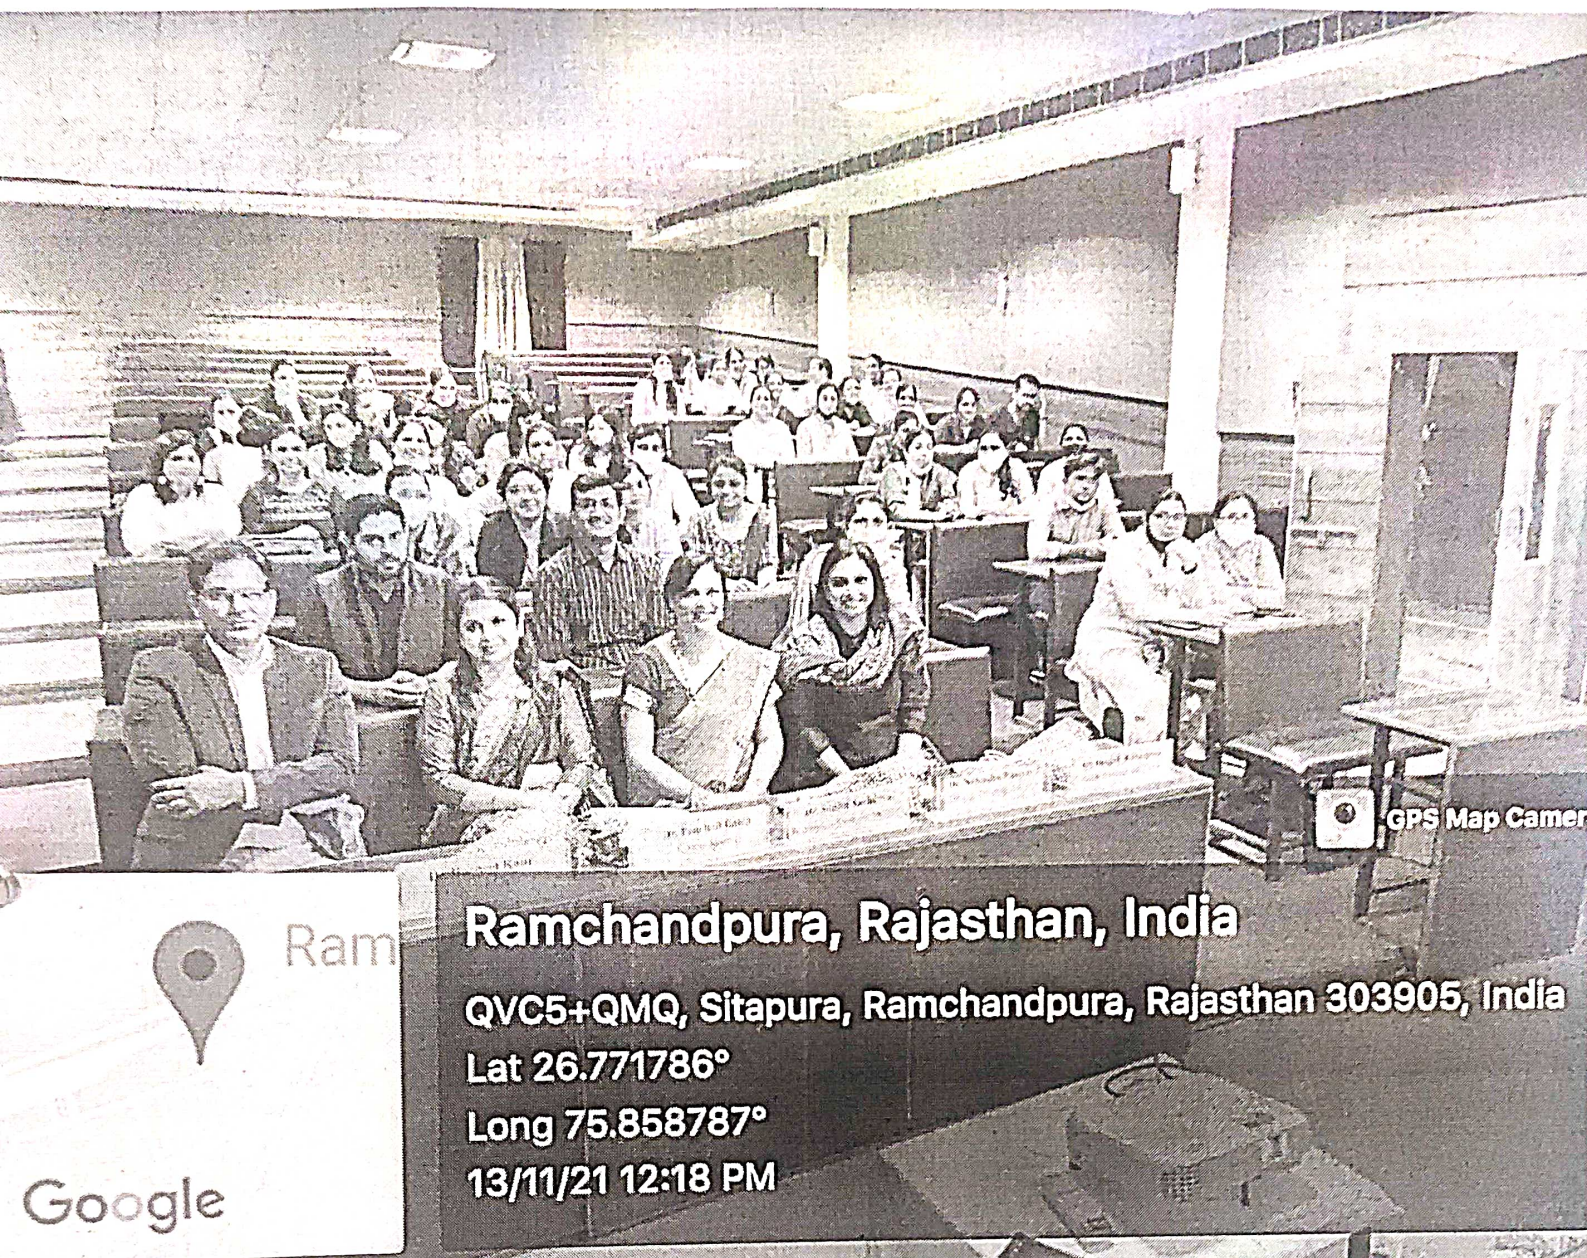

It aimed to skill the learners with principles of good writing, tricks for writing faster and with less anxiety, the format of a scientific manuscript, and issues in publication and peer review.

The contents of the course included:

- a) Principles of effective writing: Choosing verbs, correct voice, cutting the clutter, crafting sentences and paragraphs
- b) Searching and researching literature: Scopus, PubMed, Embase etc. c) Tools for documenting and editing: Microsoft, LaTeX, Grammarly, etc.
- d) Steps in Writing Process: Pre-writing, Writing and Revision
- e) Illustration management
- f) Publication guidance: Journal selection, submission, response to reviewer,
- g) Issues in scientific writing: plagiarism, authorship, ghostwriting, reproducible research
- h) Bibliography management and reference writing

EVENT: INTELLECTUAL PROPERTY RIGHTS: HOW TO SEARCH AND FILE

Event report: Intellectual property rights lecture was conducted by Department of Prosthodontics and Crown & Bridge, Mahatma Gandhi Dental College & Hospital, Jaipur on 24th November 2021. The resource person for the event was Dr. Balendra Pratap Singh, Professor, KGMU, Lucknow.

Dr. Narendra Padiyar HOD and Prof. Department of prosthodontics and crown and bridge welcomed the speaker and Dr. Shweta Bhambhu 2nd year PG resident of the department introduced the speaker. The event had 72 participants from all departments of the college.

Sir talked about the importance of patents and how and when to file a patent and who to reach out to while applying for the patent. Sir also explained on how to protect your intellectual property, how to generate ideas for patents and what can be patented and what cannot be also discussed. The sites on which patents can be applied for and the time duration it takes to accept and receive at patents was also explained. Patent issuing bodies were also discussed briefly. The lecture was well received and accepted.

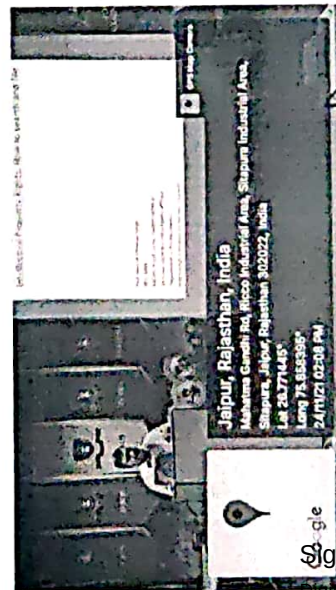

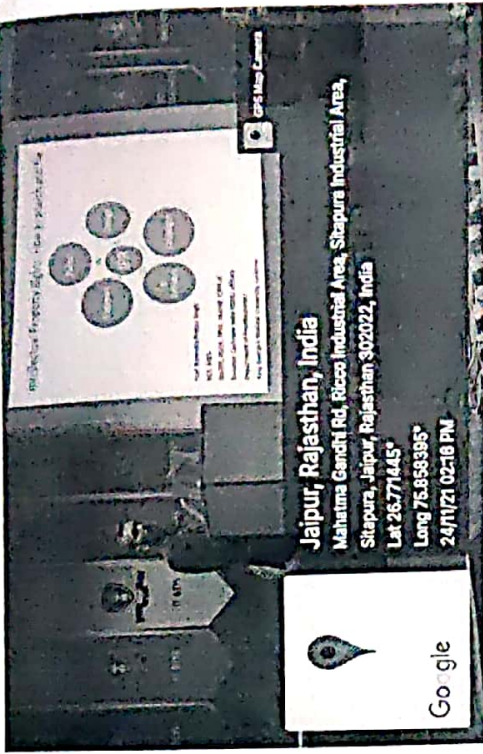

Dr. Narendra Padiyar and Dr. Deepak Raisinghani presented a memento to the speaker on the occasion. Dr. Sudhir Meena, Prof Department of Prosthodontics and crown and bridge delivered the vote of thanks. The program ended with light refreshments.

Event Report

Conference/ Seminars/CMEs/Workshop/Training/Quiz/Debate/Guest Lecture/Cultural programs etc.

S. No.	Event Report
1.	Name & Level of Event- Guest Lecture on Intellectual Property Rights:-Information Technology dated 18/05/2022 .
2.	Background/ Introduction- To aware the students about the Information Technology and its importance in Health Care. Health information technology is health technology, particularly information technology, applied to health and health care. It supports health information management across computerized systems and the secure exchange of health information between consumers, providers, payers, and quality monitors. Information technology is being used in numerous ways to improve patient safety, healthcare delivery, and communication between healthcare providers and patients. One of the most remarkable applications of HIT is patient records and data management.
3.	Venue: Mahatma Gandhi Nursing College, MGUMST, Sitapura, Jaipur.

S. No.	Event Report
1.	Name & Level of Event- Guest Lecture on Intellectual Property Rights:-Copy Right dated 23/03/2022 .
2.	Background/ Introduction- To increase the awareness among the students about the Intellectual property Rights. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time. Copyright is a type of intellectual property that protects original works of authorship as soon as an author fixes the work in a tangible form of expression.
