10.

Introductory Speech by  
Dr. Naveen Gupta

11.

Presentation by Dr. Ashish Paliwal on **DISEASE BURDEN AND NATIONAL HEALTH PROGRAMS**

Health Programs	Unique Points
National Program for Prevention and Control of Hemoglobinopathies (NPHPC)	Focuses on prevention and control of genetic blood disorders, including hemoglobinemia and sickle cell anemia. Aims to reduce morbidity, provide counseling, and offer genetic diagnosis to identify carriers and affected individuals.
Rashtriya Bal Swasthya Karyakram (RBSK)	Provides comprehensive healthcare to all children in India. Emphasizes early detection and management of various health conditions, including thalassemia, among children.
State Blood Cell and Thalassemia Control Units	Various states have established dedicated units to address thalassemia and hemoglobinopathies. These units work on prevention, screening, counseling, and provision of necessary healthcare services to affected individuals.
Red Cross Thalassemia Screening and Counseling Centers	Operated by the Indian Red Cross Society to provide counseling, testing, and guidance to individuals at risk of thalassemia and related disorders.
