1	Tanya Shakeet	Physiotherapy	MGPC	A comparative study between mirror therapy and proprioceptive neuromuscular facilitation on mobility, spascity and cadence in hemiplegic patient.	Rs 5000/-
2.	Kuldeep Singh Gurjar	Physiotherapy	MGPC	A comparative study to evaluate the effect of neuromuscular electrical stimulation with conventional exercise versus conventional exercise on quadriceps strength and function in patients with anterior cruciate ligament reconstruction.	Rs 5000/-
3.	Dharmendra Kumar Vashishtha	Physiotherapy	MGPC	To compare study on muscle energy technique versus Maitland mobilization technique on pain and range of motion on patients with frozen shoulder.	Rs 5000/-
4.	Tanvi Kumawat	Physiotherapy	MGPC	Comparative study between the effect of mulligan mobilization (SNAG) with cervical isometrics exercises and mechanical traction with cervical isometrics exercises in cervicogenic headache.	Rs 5000/-
5.	Dheeraj Fatnani	Physiotherapy	MGPC	Effect of bosu ball with circuit training for core strengthening and quality of life improvement in overweight individuals.	Rs 5000/-
6.	Pranika Gulabani	Physiotherapy	MGPC	Effectiveness of isometric neck exercises along with myofascial release technique versus dynamic neck exercises along with myofascial release technique on pain, function and quality of life in case of cervical spondylosis: A comparative Study.	Rs 5000/-
7.	Raina Mishra	Physiotherapy	MGPC	To find the effectiveness of core stabilization exercises along with conventional physiotherapy versus kinesio taping along with conventional physiotherapy on pain, function and quality of life in patients with non-specific low back pain: A Comparative study.	Rs 5000/-
8.	Barvi Bandral	Physiotherapy	MGPC	Effectiveness of Benson's Relaxation Technique with Arm Ergometer to improve lung efficiency, pain intensity and quality of life in patients after coronary artery bypass grafting.	Rs 5000/-
9.	Yash Chakrapani	Physiotherapy	MGPC	Comparative study on the effectiveness of Otago exercise program vs conventional physiotherapy on balance activities of daily living and mitigating risk of fall in hemiplegic patients.	Rs 5000/-
10.	Muskan Jain	Physiotherapy	MGPC	Effect of Foot-Ankle Strengthening exercises on pain, range of motion and functional performance in patients with symptomatic knee osteoarthritis.	Rs 5000/-
11.	Ayushi Garg	Physiotherapy	MGPC	A Comparative study on the effectiveness of PNF Rhythmic initiation withhold relax technique and range of motion exercises on fundamental activities of spastic upper limb in post-operative brain tumor patients.	Rs 5000/-
12.	Sanjana Thakkar	Physiotherapy	MGPC	Comparative study of effectiveness of myofascial release along with taping versus strengthening and stretching exercises of intrinsic foot muscles in chronic planter fasciitis.	Rs 5000/-
13.	Aakriti Jangid	Physiotherapy	MGPC	Comparative study on the effects of myofascial release technique with conventional physiotherapy versus muscle energy technique with conventional physiotherapy on Non-Specific mechanical neck pain.	Rs 5000/-
14.	Dr. Ankita Kumari	Dept. of Ophthalmology,	MGMCH	Correlation of retinal nerve fiber layer thickness with intraocular pressure in primary open angle glaucoma.	Rs 5000/-
15.	Dr. Akash Kumar	Dept. of Pathology	MGMCH	Morphological evaluation & analysis of clinic pathological concordance in spectrum of papulosquamous skin lesions at tertiary care center.	Rs 5000/-
16.	Dr. Reeya Garg	Dept. of oral medicine & radiology	MGDCH	Assessing mandibular morphometric utilizing cone beam computed tomography for analyzing vertical ratios with the mental foramen as a reference point in adults: a cross sectional study	Rs 5000/-
17.	Prakash Pandey	Physiotherapy	MGPC	Comparative study on the efficacy of mulligan's SNAG technique versus Maitland's mobilization on pain & range of motion in case of non-specific upper cervical neck pain among college students.	Rs 5000/-
