Introducing the ARC Consulting Club

Analytics, Research, Consulting.

The **ARC Consulting Club** is a **student-driven initiative** aimed at preparing students for careers in consulting, analytics, and healthcare advisory roles. The club bridges the gap between academics and industry through **expert interactions** with professionals from **leading organizations** such as **ZS Associates, PwC, EY, IBM, Accenture, IQVIA, PharmaAce, and WNS.**

Through **skill-building workshops, case studies, industry-focused webinars, and hands-on mini projects**, ARC fosters critical thinking, problem-solving, and market and healthcare insights. With its motto **“Learn Together. Lead Tomorrow,”** the ARC Consulting Club is committed to enhancing student employability by equipping them with the skills, connections, and insights needed to excel in consulting and analytics domains.

President: Nishant Chaudhary
Vice President: Rajkumar Dhaker and Varsha;
Academic Mentors: Dr.Sandeep Narula and Dr.Parul Chaudhary
Committees: Skill Development; Webinar; Industry Outreach; Case Study; Social Media and Branding

ACADEMIC IMMERSION PROGRAM FOR IIHMR DELHI STUDENTS

Under the **MOU** signed between **Mahatma Gandhi College of Hospital Administration (MGCOHA)** and **IIHMR Delhi**, an enriching **Academic Immersion Program** was successfully conducted from 8th to 12th December 2025 as part of the IIHMR Delhi Students' Exchange Initiative. The program welcomed **twenty-two students** from **IIHMR Delhi**, offering them an immersive exposure to both clinical and non-clinical departments of Mahatma Gandhi Hospital, Jaipur. In addition to hands-on departmental visits, the students actively participated in interactive classroom sessions with the faculty of MGCOHA, fostering academic exchange, experiential learning, and inter-institutional collaboration. The program served as a valuable platform for bridging theoretical knowledge with practical hospital operations, reinforcing MGCOHA's commitment to excellence in healthcare management education and collaborative learning.

Moments That Matter

Culture & More

The **8th and 10th Health Informatics and Management Combined Rounds (HIMCR)** were successfully conducted, showcasing student-led academic excellence and interdisciplinary learning. The **8th HIMCR** focused on **"Lessons in Leadership and Management through the Indian Knowledge Systems (IKS) Lens,"** highlighting the relevance of traditional wisdom in contemporary healthcare leadership. The session encouraged reflective thinking, ethical leadership, and culturally rooted management practices.

The **10th HIMCR**, held on the theme **"Smart Nursing Digital Handoffs,"** emphasized the role of health informatics in ensuring continuity of care, patient safety, and effective communication in clinical settings. Entirely led by students, the session was interactive and insightful, reflecting the growing competence and confidence of future healthcare leaders. Both sessions provided a dynamic platform for learning, innovation, and collaboration among students and faculty, reinforcing the institution's commitment to nurturing future-ready healthcare professionals through experiential and technology-driven education.

The **Journal Club Sessions** were successfully conducted on 10th October and 13th November, with enthusiastic participation from students and faculty members. The **October session** featured insightful presentations and discussions by **Anjali Sharma, Neelopher Khan, Shilpi Verma (MHA 25), Priya Shukla (BHA 23), and Nandini Manik (B.Sc. 24)**, while the **November session** was presented by **Riyanshi (MHA 25) and Ritik (B.Sc. 24)**. Both sessions promoted critical thinking, research-oriented learning, and collaborative discussion, providing students with a valuable platform to strengthen their analytical skills and academic engagement.

MGCOHA organized insightful **Guest Lectures** to enrich students' understanding of healthcare administration. On **13th October**, eminent speakers **Dr. D. K. Sharma** (AIIMS New Delhi), **Dr. Lakshmi Prasad Janapalli** (AIIMS Bhopal), and **Dr. Naveen Kumar** (Kasturba Medical College, Manipal) shared valuable insights on hospital leadership and administration. Another lecture on **25th November** by **Dr. Ishwar V. Basavaraddi**, Director & Professor, Centre for Yoga Wellness and Integrative Medicine, MGUMST, highlighted the importance of integrative wellness in healthcare.

The Department of Hospital Administration, MGCOHA, successfully organized a **Debate Competition** on 7th November 2025. The event aimed to enhance students' analytical thinking, public speaking abilities, communication skills, and confidence, while promoting healthy academic discussions. Students from various semesters participated enthusiastically and presented well-structured arguments in a competitive yet respectful environment. Participants were evaluated by the judges based on content, clarity, confidence, and delivery. The event concluded with appreciation for all participants, including **Badal Kumar, Amshitha B,** and **Nandini Manik (B.Sc. 24)**, and successfully fostered critical thinking, teamwork, and a spirit of intellectual engagement among students.

The **Mendeley Workshop** was successfully conducted on 30 October 2025 to enhance participants' skills in reference management and academic writing. The session covered hands-on training on creating libraries, citation styles, and integrating Mendeley with MS Word. Participants actively engaged in practical demonstrations and queries throughout the workshop. The event helped improve awareness of systematic literature management and plagiarism-free referencing practices. Overall, the workshop achieved its objective of strengthening research efficiency and scholarly writing skills among participants.

Christmas Celebration 2025 at MGCOHA
The festive spirit came alive at Mahatma Gandhi College of Hospital Administration on 13th December 2025 with the Christmas Celebration 2025. Organized by the cultural committee and was filled with fun and excitement. Students participated enthusiastically in a variety of activities, including:

- **Christmas Face Painting** – creating festive designs on friends' faces
- **Photo Booth & Wall Decoration** – capturing joyful memories
- **No-Fire Cooking** – preparing creative dishes without fire
- **Decorate Your Friend as a Christmas Tree** – a fun and interactive activity

The event concluded with awards and certificates for the winners, spreading joy and togetherness throughout the college community.

The celebration was a delightful way to embrace the holiday spirit and foster creativity, fun, and camaraderie among students.

The **MGUMST Convocation Ceremony** witnessed MHA and BHA 2022 intake batch graduating marking a memorable milestone in their careers. The occasion was a proud moment for MGCOHA, as the institute celebrated the achievement of two **Gold Medalists** – **Aman Sharma (BHA-22)** and **Krati Jain (MHA-22)**. The ceremony honored academic excellence and dedication, as students stepped forward to begin their professional journey in healthcare management with the best wishes of the faculty and institution.

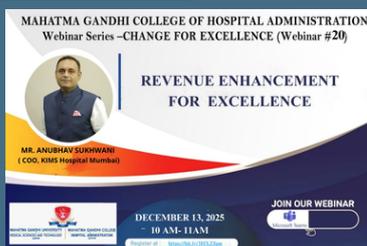

Brains & Breakthrough

The MGCOHA Edge

WEBINARS

MGCOHA successfully conducted a **series of impactful webinars** aimed at enhancing industry-relevant knowledge and professional competencies among students and healthcare professionals.

- **18th Webinar – “H2H Marketing in Healthcare and Pharma: Beyond Medicines to Patient Care”**. Delivered by **Mr. Vivek Hattangadi**, Founder – B: Black Belt Brand Builders, the session emphasized the role of human-to-human marketing in strengthening patient engagement, trust, and care beyond products and prescriptions.
- **19th Webinar – “Acquiring Desired Analytical Skills for Healthcare Career Opportunities”**. Delivered by **Mr. Himanshu Rao**, Principal Consultant – Infosys Consulting, highlighted essential analytical competencies and data-driven decision-making skills required to build successful careers in the evolving healthcare landscape.
- **20th Webinar – “Revenue Enhancement with Excellence”**. The session by **Mr. Anubhav Sukhwani**, COO – KIMS Hospitals, Thane, provided valuable insights into revenue strategies, leadership, hospital branding, and sustainable growth in today’s dynamic healthcare environment.

FACULTY CORNER

Dr. J. Shanmugapriya, Associate Professor in the College of Hospital Administration, MGUMST, recently completed a **prestigious one-week Short Term Training Programme** on **“Generative AI: A Comprehensive Approach to Research Writing, Proposal Development, and Funding”**. Immersed in hands-on sessions on AI-powered literature review, research writing, and grant intelligence, she explored a spectrum of advanced free and paid tools that streamline every phase of the research journey. This achievement reflects her commitment to harnessing emerging technologies to elevate academic rigor, enhance research productivity, and mentor young scholars in responsible AI integration. Her enhanced expertise is poised to strengthen MGUMST’s research ecosystem, foster high-impact publications, and open new avenues for competitive funding in hospital administration and healthcare research.

INTERNSHIP UPDATES

The students of BHA-23 commenced their first one-month internship in November, gaining hands-on experience at hospitals including EHCC, SDMH, CK Birla Hospital, and Bombay Hospital. Following this, the students of MHA-25 began their first internship in December at Bombay Hospital, further enhancing their practical knowledge in hospital administration.

Beyond The Walls

Journeys, Updates & Collaborations

UPDATES

Upcoming Events

- **MDP on Strategic Leadership:** From **26th to 28th February**, a Management Development Programme on **“Strategic Leadership and Operational Excellence for Hospital Medical Leaders”** is planned to be conducted.
- **Webinar on Quality Accreditation:** On **9th January 2026**, an expert-led webinar on **“Quality Accreditation in India – NABH Standards and Sustainable Improvement”** will take place, offering valuable insights into healthcare quality standards.

EDUCATIONAL VISITS

Students of MGCOHA undertook educational visits to BMCHRC (29th November 2025) and Fortis Hospital (31st October 2025), gaining practical exposure to key hospital departments such as Nuclear Medicine, PET Scan, OPD, Day Care, Blood Bank, and MRD. The visits enhanced students' understanding of hospital operations, patient flow, and interdepartmental coordination, effectively bridging theoretical knowledge with real-world healthcare management practices.

CAREER PATHWAYS IN HEALTHCARE MANAGEMENT – VISION 2050

Mahatma Gandhi College of Hospital Administration conducted a series of orientation sessions on “Career Pathways in Healthcare Management – Vision 2050” to familiarize students with future opportunities in healthcare management. The sessions were held at the following institutions:

- 31st October 2025 – Mahatma Gandhi College of Pharmaceutical Sciences
- 3rd November 2025 – Regional College of Pharmacy
- 10th November 2025 – Rajasthan College of Nursing
- 10th November 2025 – Rajasthan Dental College
- 22nd December 2025 – Jaipur Hospital College of Physiotherapy

These sessions provided valuable insights into leadership roles, emerging trends, and career pathways in the evolving healthcare ecosystem.

Joke Of The Day

WISE ,UNWISE OR OTHERWISE...

TEACHING : THE SYMPHONY OF MIND AND HEART

Teaching is an Art as well as Science. Everybody does not cherish this, some have special traits to take on this Domain. Off course some venture in this field, fed up from the rat race of targets and scolding from seniors who have taken their heart out from their body and kept it in freezer, having nil EMPATHY.

Chanakya has said that " teachers can never be ordinary, both CONSTRUCTION AND DESTRUCTION, BELONG TO THEM".

This is a noble profession and requires lot of patience and self-control as students are from various backgrounds, different intellect levels and separate trajectories of grasping and understanding. It also construes evolution of person in teaching— from Instructor to facilitator to teacher to guide to mentor and finally to Guruji.

We all remember at least one such GURUJI as we grow in age who taught us, not only the subject but some lessons of life which will always be helpful in leading a satisfied life in every aspect. Some Gurus, we remember, because they make us feel as if they are our elders like parents, some could be witty and would offload any tensions which would have carried in our lives, some would be harsh and strict, may be trying to inculcate discipline in you. A mentor, if I may call, is always there for a student who guides him/her to explain WHAT NOT TO DO.

A true teacher does not just illuminate minds; they ignite souls, leaving an eternal spark that guides their students long after the lessons are over.

Rishi Sharma
(Associate Professor, MGCOHA)

Brain Time

**Q. I am a silent guardian,
fighting infections unseen, I
produce antibodies, a
powerful defense machine.
What am I?**
