

Dr.Shanker Kaul

Shanker Kaul is a results-driven healthcare leader with over two decades of general management experience building and transforming businesses across India & APAC. He has led both turnarounds and rapid scale-ups across diverse healthcare verticals—including medical devices, chronic disease, specialty pharma and digital health—generating consistent double-digit growth and creating sustainable value in both mature and emerging markets.

Shanker's leadership track record spans five global healthcare organizations, **notable among them Boston Scientific, Baxter and Elsevier**—with deep operating experience across **India, China, ASEAN, and broader APAC**, managing **P&Ls of up to USD \$750Mn** and organizations of **700+ employees**.

He brings a **unique blend of strategic insight and operational excellence**, with the ability to drive business transformation, engage high-stakes public and private stakeholders, and build leadership teams that deliver.
